- **Innovative Solution:** With the Ninety business operating system (BOS) platform, you will have a proven, innovative platform to guide businesses in delivering confident growth and profitability.
- **Custom Tailored:** We don't believe in a rigid, one-size-fits-all, cookie-cutter, franchise-approach to our solution, how we partner with our coaches, or how our coaches should work with their clients.
- **Independent Together:** We are a membership community of experienced, like-minded independent coaches, founders, and business leaders who share your passion for helping organizations succeed.

And since we don't believe in a rigid, cookie-cutter, one-size fits-all, franchise-confined approach to how a company or our coaches should operate or live – our solution is compatible with other complementary programs, tools, and services that you can offer.
- **Coaching Academy:** Our Coaching Academy is a technology portal, that contains the entire portfolio of BOS-UP and Ninety coaching assets, including our proprietary session decks, facilitation guides, program guidebooks, tools briefs, marketing materials, correspondence templates, and much more. In addition, our Coaching Academy also supports ours and our coaches' peer group cohorts (PGCs), whereby our coaches and our coaches' clients can participate together in mastermind forums, strategic roundtables, and share and discuss ideas, questions, insights, best practices, and more.

- **Programs Facilitation:** You will be responsible for teaching, facilitating, and coaching the BOS-UP Programs (i.e. **BOS 101, Starter, Builder, Scaler**) along with complementary services/support. These programs and their corresponding sessions, are the basis for helping companies learn, customize, implement, leverage, benefit, and optimize the Ninety business operating system (BOS) platform.

Where Do We Go From Here:

- **3-Step Process:** The first step is already happening, in that you are taking the time to understand BOS-UP, Ninety and the benefits of being in our coaching community. The next step is to get an overview of our Coaching Solution & Academy, review our Letter of Agreement (LOA), get your questions answered, and give us an opportunity to learn more about you. The final step, assuming we want to move forward and have you join us as a coach, is a call with Scott Abbott, our Founder and Managing Member, where you will get to know each other, and discuss any final questions.
- **Big Yes or Big No:** From there, it's decision time: do we move forward and grow together; or not.
- **If Yes, Sign LOA & Get Registered:** If we want to move forward, you will need to sign the digital LOA, and get registered in our system, which includes setting up your membership in the Academy and establishing your payment for your monthly membership subscription. At that time, you will also receive your coaches "Onboarding Checklist" to help ensure a smooth ramp-up as a new coach.
- **If No, We Wish You All The Best:** We understand that being a BOS-UP coach is not for everyone (that's intentional). But that doesn't mean that we should say goodbye forever. Let's stay in touch.
